ABOUT EAST CREEK

East Creek Community Centre is a catalyst for community action.

Our staff and volunteers provide services, support, advice, advocacy and professional development.

We work with community groups and individuals throughout Toowoomba.

East Creek's programs are for everyone including families, children, young people, seniors, people with disabilities, people from culturally diverse backgrounds as well as those who are socially isolated.

We encourage all members of the community to participate in our programs.

We can help you learn new employment skills, develop healthy lifestyles, use a computer, improve your reading and writing or find out about local activities. You can get help with tax. Bring out your creativity in our art classes or through gardening ... there's lots to do!

For over twenty years, the Centre has delivered innovative programs that meet the community's changing needs.
